About The Cover

"Hide 'n Goat Seek"
Marc Delgado

Marc Delgado and his family live just outside of Rocksprings on County Road 310. After everything that has gone on this past year, seeing the kid goat Skipper playing with the other young goats brings a smile to my face and pleasure. It is nice enjoying something so simple and innocent.

General Information

YOUR RIGHT TO INFORMATION CONCERNING RATES AND SERVICES AS A CUSTOMER OF SOUTHWEST TEXAS COMMUNICATIONS

We welcome you as a customer. The following information is to acquaint you with some of the rules and practices of our Company and your rights as a customer.

YOUR RIGHT TO INSPECT OR OBTAIN A COPY OF THE APPLICABLE TARIFFS AND SERVICE RULES

The services provided by our Company are public utility services, subject to the rules, regulations, and charges set forth in our tariffs and rules of the Public Utility Commission of Texas, which will at all times control the provision of such communication services. In the event of a conflict between such tariffs and the information contained in this notice, the tariffs shall prevail. The tariffs are subject to change and are available for inspection at our business office during office hours. We will provide copies of any such portion of the tariffs at a reasonable cost to reproduce such tariff for a requesting party.

Upon application for residential service, you will be informed of the lowest-priced service alternatives available. We will explain the alternatives available at your location giving full consideration to equipment options and installation charges. Southwest Texas Communications provides utility services without discrimination as to a customer's race, nationality, color, religion, sex, or marital status.

STATEMENT OF NONDISCRIMINATION

Southwest Texas Communications is the recipient of Federal financial assistance from the U.S. Department of Agriculture, and is subject to the provisions of Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Age Discrimination Act of 1975, as amended, and the rules and regulations of the U.S. Department of Agriculture.

In accordance with Federal civil rights law and the U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

1. Mail: U.S. Department of Agriculture
   Office of the Assistant Secretary for Civil Rights
   1400 Independence Avenue, SW
   Washington, D.C. 20250-9410
2. Fax: (202) 690-7442; or
3. Email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

The person responsible for coordinating this organization's nondiscrimination compliance efforts is Rachel Gallegos, Compliance Officer. Any individual or specific class of individuals, who feel that this organization has subjected them to discrimination, may obtain additional information on the above statutes and regulations from USDA.

General Information

ESTABLISHMENT OF CREDIT FOR RESIDENTIAL APPLICANTS

An applicant is defined as a person who applies for service for the first time or reapplies at a new or existing location after discontinuance of service. A customer is defined as someone who is currently receiving service.

We may require you, as a residential applicant for service, to satisfactorily establish credit, but establishment of credit does not relieve you from complying with the rules for prompt payment of bills.

Credit history will be applied for a reasonable period of time to a spouse or former spouse who shared the service. Credit history maintained by one will be applied equally to the other without modification and without additional qualifications not required by the other.

All applicants for permanent residential service who are 65 years of age or older will be considered as having established credit if such applicant does not have an outstanding balance with us or another utility for the same utility service which accrued in the last two years. No cash deposit shall be required of such applicant under these conditions.

GROUNDS FOR REFUSAL TO SERVE

We may decline to serve you until you have complied with the approved rules and regulations of the Company on file with the Commission governing the service applied for, or for the following reasons:

- If your installation or equipment is known to be hazardous or of such character that satisfactory service cannot be given.

- If service is requested at a location where another customer received or continues to receive service, the other customer's bill from the Company is unpaid at that location, and the Company can prove that the change of account holder and billing name is made to avoid or evade payment of an outstanding bill owed to the Company.

YOUR RIGHT TO REGISTER A COMPLAINT WITH THE PUC

You have the right to file a formal or informal complaint or pursue any matter with the Public Utility Commission of Texas at this address:

BILLING DISPUTES

We strive to ensure that our bills are completely accurate but errors are sometimes made. If you have not been properly credited for a payment or if you believe that you are being improperly billed for long distance calls or other charges, please call a service representative at our office or write us at P. O. Box 128, Rocksprings, Texas 78880. If the service representative's explanation is unsatisfactory, your customer rights include a supervisory review which will be provided within ten (10) days of your request. You must pay by the due date for all undisputed charges but are not required to pay for the disputed charges pending investigation. Service will not be disconnected for disputed charges pending investigation. These extensions, however, will not exceed sixty (60) days.

OVERBILLING AND UNDERBILLING BY THE COMPANY

If billings for telephone services are found to differ from the Company's lawful rates for the services being purchased by the customer, a billing adjustment will be calculated by the Company. If you are due a refund, an adjustment will be made for the entire period of overcharges. If you were undercharged, we may back bill you for a period not to exceed six (6) months from the date we initially notified you of the amount of undercharge and the total additional amount that will be due. The amount will be added to the next regular billing. If the underbilling is $25.00 or more, we will offer you a deferred payment plan option for the same length of time as that of the underbilling. **If you question any long distance charges, you may be asked to contact your long distance company, and the particular calls in question may be deducted from the bill, upon notification to the Company, until the charges have been verified or adjusted. The balance of the bill is due and payable by the due date.**

General Information

TIME ALLOWED TO PAY OUTSTANDING BILLS

You are responsible for payment of all charges for exchange service and equipment furnished and toll messages (including special service billing charges) originating at your station, and for all toll messages received at your station on which charges have been reversed with consent of the person called.

All charges for local services and facilities are billed monthly in advance. Toll message service (including charges for special billing services) charges are due when billed. Itemized toll statements are included in each bill.

All bills for local, toll, and miscellaneous services are due and payable at our office or at an authorized payment agency on or before the due date which is sixteen (16) days after issuance. A bill for telephone service is delinquent if unpaid by the due date. The postmark, if any, on the envelope of the bill, or an issuance date on the bill, if there is no postmark on the envelope, shall constitute proof of the date of issuance. If the due date falls on a holiday or weekend, the due date for payment purposes shall be the next work day after the due date. If for whatever reason you do not receive a telephone bill, you should call our office and inquire about the due date and about receiving a copy of the bill.

GROUNDS FOR TERMINATION OF SERVICE BY THE COMPANY

The Company may disconnect telephone service after giving ten (10) days written notice to the customer for:

- Failure to pay a delinquent account for utility services or failure to comply with the terms of a deferred payment agreement. The Company has no control over mail delivery.
- Failure of the customer to reimburse, or make good to the Company, a check or moneys not honored by the bank on which issued.
- Violation of the Company's rules as pertaining to the use of service in a manner which interferes with the service of others, or the operation of nonstandard equipment, if a reasonable attempt has been made to notify the customer and the customer is provided with a reasonable opportunity to remedy the situation.

The Company may disconnect telephone service without giving notice to the Customer for:

- Failure to comply with a PLTS agreement.
- For tampering with the Company's equipment.
- Where a known dangerous condition exists for as long as the condition exits.
- Unless a dangerous condition exists or unless the customer requests disconnection, service shall not be disconnected on a day, or on a day immediately preceding a day, when personnel of the Company are not available to the public for the purpose of making collections and reconnecting service.
- Please call our office if you need to inquire about your account and timelines of your payment.

General Information

- **The Company may suspend or terminate telephone service to any persons, firm, or corporation who, obtains, attempt to obtain, or assists another to obtain local or long-distance message telecommunications service by rearranging, tampering with, or making connection with any facilities of the Company by any trick, scheme, false representation, or false credit device: or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment in whole or in part of the regular charge for such service.**
- The Company may disconnect, without advance notice, the telephone service used by a customer in connection with a plan or contrivance to secure a large volume of telephone calls to be directed to such customer or the telephone of any designated customer at or about the same time, resulting in preventing, obstructing or delaying phone service of others.
- The Company may suspend or terminate telephone service to any persons, firm, or corporation who, over the facilities furnished by the Company, used or permits others to impersonate any other individual with fraudulent or malicious intent, or uses or permits their telephone to be used to make nuisance calls.
- Service and facilites will not be furnished, or if being furnished by the Company, will be discontinued to any person, firm or corporation, if any law enforcement agency, acting within its jurisdiction, advises that such service is being, or will be used in violation of the law.

STEPS THAT MUST BE TAKEN BEFORE THE COMPANY MAY TERMINATE SERVICE

In the event of failure by the customer or those otherwise responsible to pay any regular bill or any part thereof, we may discontinue service if the bill has not been paid or a deferred payment agreement entered into within twenty-six (26) days from the date of issuance, if proper notice has been given. Proper notice will consist of a separate mailing at least ten (10) days prior to a stated date of disconnection. Unless a dangerous condition exists or unless the customer requests disconnection, service will not be disconnected on a day, or on a day immediately preceding a day, when personnel of the Company are not available to the public for the purpose of making collections and reconnecting service.

STEPS NECESSARY TO HAVE SERVICE RECONNECTED AFTER INVOLUNTARY TERMINATION

Service will not be restored unless or until all amounts due on the due date are paid in full including restoration of service charges or a deferred payment plan entered into. Check by phone is available as a payment option. We may request the customer to submit cash, money order, or cashier's check in payment of bill and reconnection charges and not accept a personal check or monies not guaranteed when the history of a customer account warrants such action.

DEFERRED PAYMENT PLAN OFFERED BY THE COMPANY

As a customer you have the right to request an alternative payment plan. We will offer, upon request, a deferred payment plan to any residential customer who has expressed an inability to pay all of his bill, if that customer has not been issued more than two termination notices at any time during the preceding twelve (12) months and shall not refuse a customer participation in such a program on the basis of race, color, creed, sex, or marital status. **We are not required to enter into a deferred payment plan with any customer who is lacking sufficient credit or a satisfactory history of payment for previous service when you have had service from us for no more than three (3) months. If you have not fulfilled the terms of a deferred payment agreement, we will have the right to disconnect pursuant to disconnection rules and shall not be required to offer subsequent negotiation of a deferred payment agreement prior to disconnection. A deferred payment plan may include a five percent (5%) penalty for late payment but shall not include a finance charge.**

General Information

PREPAID LOCAL TELEPHONE SERVICE

A local service option called Prepaid Local Telephone Service (PLTS) is now available. PLTS provides eligible customers a one-time opportunity to retain their local service if they are at risk of disconnection of their local service for nonpayment of telephone bills. It also allows residential customers who have been disconnected because of delinquent or unpaid bills to be reconnected. PLTS is not available to business customers.

In order to subscribe, you must contact the Company's business office during normal business hours and request PLTS. If your telephone has been disconnected and you apply for PLTS within 10 days of receiving a notice, you will not be required to pay the reconnection charge for restoring service. However, when you return to basic local telecommunications service you will be charged that reconnection fee. To receive PLTS, you are required to subscribe to Toll Blocking/Restriction Service which prevents you from making long distance telephone calls, receiving collect calls, accessing directory assistance services or using usage sensitive services (such as call return, call trace and auto redial, if offered by the Company). In subscribing to PLTS, you agree not to incur additional charges for these services. In addition, you agree not to request additional services from the Company other than those included in the PLTS subscription. Customers subscribing to PLTS will not be required to pay a deposit; however, you must make an initial two month prepayment for PLTS services and enter into a deferred payment agreement for the payment of any outstanding local service balance that can be identified by the Company. Monthly payments under this payment agreement may not exceed the greater of $10 or 1/12 of the outstanding local service balance owed to the Company and will begin in the third month after subscribing to PLTS. Customers are responsible for making timely payments on their PLTS account and abiding by the terms and conditions of PLTS. A customer will be disconnected immediately from PLTS for violation of PLTS terms and conditions and will no longer be eligible to receive PLTS from the Company. If you are disconnected, the Company has the right to retain and apply any amounts left in your PLTS account to your outstanding balance owed to the Company. A customer may return to Basic Local Telecommunications Service from PLTS by paying all PLTS charges on time and paying all outstanding debt to the Company, including outstanding long distance charges. If you have any questions regarding PLTS, its terms or conditions, please contact the Southwest Texas Communications business office.

LIFELINE PROGRAM

Lifeline service is a government program designed to make monthly residential telecommunication services more affordable to eligible low-income customers. Customers who are eligible for the Lifeline program are also eligible for toll blocking at no additional charge.

The Federal Lifeline discount can be applied to qualifying voice or broadband services. In order to be eligible for the Federal Lifeline discount, a customer's annual household income must be at or below 135% of the Federal Poverty Guidelines or a customer must participate in one of the following programs: Supplemental Nutrition Assistance Program (SNAP); Medicaid; Supplemental Security Income (SSI); Federal Public Housing Assistance; Veterans Pension & Survivors Pension or qualifying Tribal Programs.

The additional State Lifeline discount can be applied to qualifying telephone (voice) services only. In order to be eligible for the additional State Lifeline discount, a customer's annual household income must be at or below 150% of the federal poverty guidelines, or a customer must receive benefits from or have a child in the household who receives benefits from at least one of the following programs: Medicaid; Supplemental Nutrition Assistance Program (SNAP); Supplemental Security Income (SSI); Federal Public Housing Assistance (FPHA); Low Income Home Energy Assistance Program (LIHEAP); health benefits coverage under the State Child Health Plan (CHIP); Health and Safety Code; National School Lunch Program (free lunch program); Temporary Assistance for Needy Families (TANF); or qualifying Tribal Programs.

Lifeline is a non-transferable service and eligible subscribers may receive assistance from only one wireline or wireless telecommunications provider per household. Only eligible customers may enroll in the program. Customers are required to submit a Lifeline application form and will be required to certify continued eligibility annually. Customers who willfully make false statements in order to obtain Lifeline benefits can be punished by fine or imprisonment or can be barred from the program. Questions concerning Lifeline application or eligibility may be directed to the Low-Income Discount Administrator (LIDA) at 1-866-454-8387.

Basic services are offered to all customers in Southwest Texas Communications service territories at the rates, terms, and conditions specified in Southwest Texas Communications tariff. If you have any questions regarding the Company's services, please call us at 830-683-2111, toll free at 800-752-4753, or visit our business office at 939 S Texas Hwy 55 Rocksprings, TX .

AUTOMATIC NUMBER IDENTIFICATION

When an 800, 888, and other toll-free prefixes and 900 services number is dialed from your telephone, your telephone number may be transmitted to the company you have called and may be available to that company's service representative before your call is answered. See "Call Number Blocking" on page 48 if you wish to block your number.

TELEPHONE SOLICITATION

Texas law provides certain protections for a person who receives a telephone solicitation at a residence. A telephone solicitor must:

- Identify himself or herself by name
- Identify the business on whose behalf he or she is calling
- Identify the purpose of the call

A telephone solicitor may not call a residence before 9 A.M. or after 9 P.M. on a weekday or Saturday, on or before noon or after 9 P.M. on Sunday. If a telephone solicitor uses an automatic dialing/announcing device, the machine must disconnect from your line within 30 seconds after termination of the call.

Exceptions: The requirements above do not apply to telephone solicitations made at your request, or solicitations made in connection with an existing debt or contract, or calls from a telephone solicitor with whom you have a prior or existing business relationship.

If you use a credit card to purchase a good or service from a telephone solicitor other than a public charity (an organization exempt from federal income tax under the Internal Revenue Code § 501 (c)(3)), the seller must:

- Offer a full refund for the return of undamaged and unused goods within seven days after you receive the goods or service (the seller must process the refund within 30 days after you return the merchandise or cancel your order of undelivered goods or services); or

- Provide you with a written contract fully describing the goods or services being offered, the total price charged, the name, address, and business phone of the seller, and any terms and conditions affecting the sale.

Complaints. The Texas Attorney General investigates complaints relating to a violation of this law, which is found at the Business and Commerce Code Chapter 37. If you have complaint about a telephone solicitor who you believe has violated this law, contact:

Office of the Attorney General of Texas
Consumer Protection Division
P. O. Box 12548
Austin, Texas 78711
512 463-2070

Another law, found at Texas Civil Statutes Article 1446c, § 119 and § 120, requires a telephone solicitor to make every effort not to call a consumer who asks not to be called again. Complaints relating to a violation of this law are investigated by the Public Utility Commission of Texas. If you have a complaint about repeated solicitation from a telephone solicitor you have asked not to call you again, contact:

General Information

CUSTOMER PROPRIETARY NETWORK INFORMATION

In the normal course of providing your telephone service, Southwest Texas Communications maintains certain information about your account. This information, when matched to your name, address, and calling or originating billing telephone number, is known as your customer-specific "Customer Proprietary Network Information," or CPNI for short: Examples of your CPNI include the type of line you have, technical characteristics (like touch tone or rotary service), class of service (business or residential), current telephone charges, long distance and local service billing records, directory assistance charges, usage data, and calling patterns. The PUC has adopted a rule which states that, upon your request, we may not use your customer-specific CPNI to market certain telephone services or features to you. In other words, if you request that your CPNI be considered "restricted", Southwest Texas Communications would be prohibited from using your CPNI to market to you certain telephone services or features that may be available to you from other sources. The only exception to the above prohibition is if you, the customer, initiate contact with us and inquire about these services or features.

It is important to note that restricting your customer-specific CPNI will not eliminate all of our marketing communications with you. We may continue to use your customer-specific CPNI to contact you regarding telephone services and features we offer that are not available to you from another source. We may also continue our marketing contacts that are not based on your customer-specific CPNI.

If you wish to have your customer-specific CPNI considered "restricted", please call our Business Office at 830-683-2111 or stop by our office at 939 S. Texas Hwy 55, Rocksprings, Texas and talk to one of our service representatives during our normal business hours. Simply tell us that you wish to restrict the use of your customer-specific CPNI. There will be no charge for restricting your customer information, and the restriction will remain in effect until you notify us otherwise.

YOUR RIGHT TO PRIVACY

Section 222 of Communications Acts requires telecommunications carriers to take specific steps to ensure that CPNI is adequately protected from unauthorized disclosure. Southwest Texas Communications has adopted additional safeguards to protect customers' CPNI.

General Information

SLAMMING

Telephone companies are prohibited by law from switching you from one telephone service provider to another without your authorization, a practice commonly known as "slamming." If you are slammed, Texas law requires the telephone company that slammed you to do the following:

1. Pay all charges associated with returning you to your original telephone company within five business days of your request.
2. Provide all billing records to your original telephone company within 10 business days of your request.
3. Pay your original telephone company the amount you would have paid if you had not been slammed.
4. Refund to you within 30 business days any amount you paid for charges during the first 30 days after the slam and any amount more than what you would have paid your original telephone company for charges after the first 30 days following the slam.

Your original telephone company is required to provide you with all the benefits (e.g., frequent flyer miles) you would have normally received for your telephone use during the period in which you were slammed.

If you have been slammed, you can change your service immediately back to your original provider by calling your local telephone company. You should also report the slam by writing or calling the Public Utility Commission of Texas, P. O. Box 13326, Austin, Texas 78711-3326, (512) 936-7120 or in Texas (toll free) (888) 782-8477, fax: (512) 936-7003, email address: customer@puc.state.tx.us. Hearing and speech impaired individuals with text telephone (TTY) may contact the commission at (512) 936-7136.

You can prevent slamming by requesting a preferred telephone company freeze from your local telephone company. With a freeze in place, you must give formal consent to "lift" the freeze before your phone service can be changed. A freeze may apply to local toll service, long distance service, or both. The Public Utility Commission of Texas can give you more information about freezes and your rights as a customer. Please contact the Public Utility of Commission if you would like further information about these additional rights.

CRAMMING

Placing charges on your phone bill for products or services without your authorization is known as "cramming" and is prohibited by law. Your telephone company may be providing billing services for other companies, so other companies' charges may appear on your telephone bill. If you believe you were "crammed", you should contact the telephone company and request that it take corrective action. The Public Utility Commission of Texas requires the billing telephone company to do the following within 45 days of when it learns of the unauthorized charge:

- Notify the service provider to cease charging you for the unauthorized product or service;
- Remove any unauthorized charge from your bill;
- Refund or credit all money to you that you have paid for an unauthorized charge within 15 business days after the charge is removed from your telephone bill.

If the company fails to resolve your request, or if you would like to file a complaint, please write or call the Public Utility Commission of Texas, P.O. Box 13326, Austin, TX 78711-3326, (512) 936-7120 or toll-free in Texas at (888) 728-8477. Hearing and speech impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. Your phone service cannot be disconnected for disputing or refusing to pay unauthorized charges. You may have additional rights under state and federal law. Please contact the Federal Communications Commission, the Attorney General of Texas or the Public Utility Commission of Texas if you would like further information about possible additional rights.

General Information

TEXAS UNIVERSAL SERVICE FUND

This fund was created by the State of Texas to help pay for low income customers and customers in high cost rural areas and to serve customers with disabilities. This charge is approximately 3.300 percent of your bill and is being offset by reductions in in-state long distance charges. It appears on your bill as "Texas Universal Service." If you have any questions about this charge or how it is calculated, please call our business office.

FEDERAL UNIVERSAL SERVICE CHARGE

The Federal Universal Service Charge, as prescribed by the Federal Communications Commission, is now included in your telephone bill. The amount collected through this charge funds telecommunications services discounts to schools, libraries, rural health care providers, and low-income customers; it also provides funds to local telephone companies that serve rural, insular and high cost areas.

DEAF, HARD OF HEARING, OR SPEECH IMPAIRED SERVICES

Customer Telephone Access-RELAY TEXAS

This service relays calls between a person using a TDD or other assistive devices and any other telephone user within the state. The service also allows a person without a TDD to call a TDD user. Specially trained personnel are available 24 hours a day, 7 days a week, to relay the call. There is no extra charge for this service. Calls placed to destinations within the State of Texas will be billed at discounted rates. Long Distance calls placed through RELAY TEXAS will be billed at US Sprint rates. To use RELAY TEXAS or obtain more information, call toll free:
If you have a TDD, dial 1 + 800 + RELAY-TX (1-800-735-2989) or 711
If you do not have a TDD, dial 1 + 800 + RELAY-W or (1-800-735-2988)
For additional questions, contact Sprint TRS Customer Service at 1-800-676-3777.

SPECIALIZED TELECOMMUNICATIONS ASSISTANCE PROGRAM

The Specialized Telecommunications Assistance Program (STAP) provides financial assistance to help Texas residents with disabilities purchase basic specialized equipment or services needed to access the telephone network. For more information, contact the Texas Commission for the Deaf and Hard of Hearing at 512-407-3250 (Voice) or 512-407-3251 (TTY) or www.dars.state.tx.us. This program is open to all individuals who are residents of Texas and have a disability.

900 PAY-PER-CALL SERVICES

This information sets out the rights and obligations for you, the Telephone Company and the Interexchange Carriers with regard to the use, purchase and billing of 900 pay-per-call services. This information is being provided under the federal Telephone Disclosure and Dispute Resolution Act of 1992.

- Customer's Procedures for Notice of Billing Error: Provide either written or oral notice to the Carrier listed on the 900 bill page where the alleged billing error appears within 60 days from the date it appears on your bill. Oral notification of an alleged billing error is considered sufficient notification. Notice includes the following: Customer name and telephone number charges were billed to, date, amount and type of error you believe occurred, and a brief description of why you believe the billing to be in error.

- Customer's Rights and Obligations: You have the right to withhold payment of the disputed charges for 900 services that you have reported as billing errors pending the resolution of a billing review; no collection activity will occur during the billing review and the disputed amount will be suspended pending the resolution of the billing review. You will not be charged for a billing review. If the billing review determines that a billing error has occurred, your account will be adjusted appropriately, even if it was a partial error or an error different from the one you reported. If the billing review determines that no billing error has occurred, you will receive an explanation outlining why it was determined that no billing error occurred; you will be notified in writing or with the next billing statement, of the payment date for that portion of the disputed amount that has been determined not to be in error; your payment may be made with your normal billing. Your local and long distance services cannot be disconnected for non-payment of 900 charges; however, failure to pay legitimate 900 charges may result in your access to 900 services being involuntarily blocked; the long distance carrier(s) or information provider(s) may proceed with outside collections against you for non-payment of these charges. Voluntary blocking of access to 900 services is available. You have a right not to be billed for pay-per-call service not offered in compliance with the federal laws and regulations established under the Telephone Disclosure and Dispute Resolution Act of 1992. Your local telephone company is a billing entity for the long distance carriers and the information providers that furnish 900 pay-per-call services. As a billing entity for these services, we have certain rights and responsibilities as it relates to 900 pay-per-call service.

- Carrier's Procedures in Response to Customer's Notification of Billing Error: Upon receipt of a billing error notification, a written acknowledgment will be sent to the customer within 40 days of receiving the customer's notice which will advise that they need not pay the disputed amount pending an investigation; however, if billing error is corrected and the customer's account credited, if applicable, within the 40 day period no written acknowledgment is required. If it is determined that a billing error occurred, it will be corrected and the account credited within two (2) billing cycles; the customer will be notified of the correction; If it is determined that a billing error did not occur, an explanation to the customer outlining why it was determined no billing error occurred; If requested by the customer, the billing entity will provide a written explanation with sufficient documentation to support the charges due from the customer. The billing entity is obligated to forfeit any disputed amount up to $50.00 per transaction if they fail to follow the billing and collection procedures set forth in federal law and regulation.

- Telephone Company's Rights & Obligations: Local or long distance service may not be disconnected for non-payment of 900 charges. The Telephone Company may either on its own initiative or at the request of the interexchange carrier or information provider, block your access to 900 services if you fail to pay legitimate charges. Upon customer request and where technically feasible, 900 blocking will be provided at a fee approved by law or regulation.

General Information

FRAUDULENT COLLECT CALLS

A collect call is a telephone call for which you will pay all charges for that telephone call. Customers should be aware that when they receive a collect call, they will be asked to accept or reject this type of call. Unless you are willing to pay those charges, do not accept the phone call. Southwest Texas Communications encourages customers to be certain of the caller's identification prior to accepting collect calls. If the caller's identification is not recognized, the customer should reject the call. Before a collect call is connected you have the right to either accept or decline the charges. You should request the rate and charges of the collect call prior to accepting the charges. Once the collect call has been accepted, you will be billed for all charges connected to that phone call. If you are billed for a collect call that exceeds a $35 charge for a call less than five minutes in duration, you should contact Southwest Texas Communications at:

Southwest Texas Communications
939 S. Texas Hwy 55
P. O. Box 128
Rocksprings, TX 78880
830-683-2111

or the Public Utility Commission of Texas at:
PUC- Customer Protection
P. O. Box 13326
Austin, TX 78711-3326
1-888-782-8477 or in Austin 512-936-7136 (TTY 512-936-7136)
Fax: 1-512-936-7003 or
E-mail: customer@puc.state.tx.us

If you believe you have been billed for unauthorized collect call charges, the particular call or calls in question may be deducted from the bill upon notification to Southwest Texas Communications, until the charges have been verified or adjusted. The balance of the bill is due and payable by the due date. The Public Utility Commission of Texas has directed telecommunications providers to provide this notice to customers regarding your rights when accepting collect calls as there have been instances where collect calls have been placed for fraudulent reason. The company is required to monitor customer calls based on fraudulent Collect Calls. Therefore, if you believe you have been victimized by such practices you are encouraged to report it.

TEXAS NO-CALL LIST

Texas residential phone customers may now get on the Texas No-Call List to reduce unwanted telemarketing calls. Inclusion on the do-not-call list is not intended to stop all telemarketing calls. Charities, nonprofit groups and debt collectors are excluded from the law. Companies with a prior business relationship with the customer may continue to call in addition to telemarketers holding a state license, such as insurance agents, real estate agents and stockbrokers. However, a state licensee must close any sale or payment with a face-to-face meeting. Residential phone customers can get their name, non-business phone number and address on the list using one of two methods listed below:

General Information

NATIONAL DO-NOT-CALL REGISTRY

The Federal Trade Commission has established a National Do-Not-Call Registry for residential consumers that do not wish to receive commercial solicitation over their telephone. The National Registry will stop telephone solicitations made for commercial purposes only, but will allow solicitations made by political organizations, charities, telephone surveyors, or companies with whom customers have established a business relationship within 18 months of registration.

You may register your residential telephone number(s) or cell phone number(s) by calling the toll free number 1-888-382-1222 and for TTY access, 1-866-290-4236. The Internet web address for registration is www.donotcall.gov.

This registration is free of charge and will be effective three months after you register and remain effective for 5 years.

QUEJA POR EL SUPLICANTE O CLIENTE

Nos esforzamos para que nuestras cuentas esten completamente exactas pero a veces se hacen errores. Si no ha sido apropiadamente acreditado por un pago o si usted cree que impropiamente ha sido cobrado por llamadas de larga distancia o otras cuentas, favor de llamar a un representante de servicio o escribanos a esta direccion P.O. Box 128, Rocksprings, Texas 78880. Si la explicacion del representante de servicio no es satisfactoria, sus derechos como cliente incluye una revista supervisada cual sera preveida dentro de diez (10) dias de su peticion. Tendra que pagar para el dia debido por todas las cuentas sin disputa pero no es obligado a pagar por cuentas en disputa que estan pendientes por investigacion de la Compania. Tambien, el servicio no se desconectara por cuentas de disputa pendientes a la investigacion. Estas extensiones sin embargo, no excederan sesenta (60) dias.

SOBREPAGAR Y MALPAGAR POR LA COMPANIA

Si las cuentas para servicio de telefono se encuentran diferentes de los reditos legales de la Compania por los servicios comprados por el cliente, un ajuste de cuentas sera calculado por la Compania. Si usted merece un reembolso, un ajustamiento sera hecho por el periodo entero de los sobreprecios. Si usted fue malpagado, podemos cobrarle por un periodo que no excede seis (6) meses del

dia que le hemos dado noticia inicial de la cantidad de malpago y el total adicional que es debido. El total sera anadido a la cuenta regular siguiente. Si el malpago es $25.00 o mas, le ofreceremos un plan opcional de pago deferido, por la misma cantidad de tiempo que la del malpago. Si usted duda de cualquier cuenta de larga distancia, las llamadas en cuestion pueden ser rebajadas de la cuenta, al dar noticia a la Compania, hasta que las cuentas han sido probadas o ajustadas. El balance de la cuenta es debido y pagable para el dia debido

TIEMPO PERMITIDO PARA PAGAR CUENTAS SOBRESALIENTES

Usted es responsable de pagar todas las cuentas por servicio central y equipo proveido y mensajes de peaje (inclusivo el precio de cuentas por servicio especial) originando en su estacion, y por todo mensaje por cobrar recibido en su estacion en que cuentas han sido reservadas con permiso de la persona llamada. Todas cuentas de servicio local y facilidades son cobradas mensualmente y en adelanto. Cuentas de mensajes por cobrar (inclusivo el precio de cuentas por servicio especial) se pagaran cuando reciba la cuenta. Un detalle de mensajes por cobrar sera incluido en cada cuenta. Le proveeremos con un detalle de cuentas de servicio local si hace un pedido escrito. Todas cuentas para servicio local, por cobrar, y servicio miscelaneo son debidas y pagables en nuestra oficina o en una agencia autorizada para pagos en o antes del dia vencido que es diez y seis (16) dias despues de distribucion. Una cuenta para servicio de telefono es delincuente si no se paga para el dia vencido. La marca postal si alguna, en el sobre de la cuenta, o una fecha de distribucion en la cuenta, si no hay una marca postal en el sobre, constituira prueba de la fecha de distribucion. Si la fecha debida cae en un dia de fiesta o fin de semana, el dia debido para fin de pagar sera el dia de negocio siguiente despues del dia debido.

MOTIVOS PARA TERMINACION DE SERVICIO POR LA COMPANIA

Podemos desconectar el servicio de telefono despues de dar diez (10) dias de noticia escrita al cliente por:

- Falta de pagar una cuenta delincuente por servicio de utilidades o falta de cumplir con las condiciones de un acuerdo de pago deferido.

- Violacion de las reglas de la Compania perteneciendo al uso de servicio en una manera que interviene con el servicio de otros, o la operacion de equipo no normal, si un esfuerzo razonable ha sido hecho para notificar al cliente y el cliente es proveido con una oportunidad razonable para remediar la situacion.

- Falta de pagar la cuenta de otro cliente como fiador, si el cliente ha firmado una garantia como una condicion precedente a servicio.

Podemos desconectar el servicio de telefono a un cliente sin dar noticia:

- Donde existe un conocimiento de dano cuanto tiempo existe la condicion.
- Por juguetear con el equipo de la Compania.
- Falta de cumplir con arreglos de PLTS.

Servicios y facilidades no seran equipadas, o si son equipadas por la Compania, seran suspendidas a cualquier persona, compania, o corporacion, si cualquier agencia de cumplimiento forzoso de ley, actuando dentro de su jurisdiccion, avisa que tal servicio es, o sera usado en violacion de la ley.

Informacion General

PASOS NECESARIOS ANTES QUE LA COMPANIA TERMINE EL SERVICIO

En caso de falta por el cliente o quienes de otro modo son responsables para pagar cualquier cuenta regular o cualquier parte de ello, le podemos descontinuar el servicio si la cuenta no ha sido pagada o un acuerdo de pago deferido entre veintiseiz (26) dias del dia de distribucion, si se ha dado noticia propia. Noticia propia consistira de correspondencia aparte o entrega de mano a lo menos diez (10) dias antes de una fecha de desconexion expresada.

A menos que exista una condicion peligrosa o a menos que el cliente requiera desconexion, el servicio no sera desconectado en un dia, o en un dia imediatamente precediendo un dia, cuando el personaje de la Compania no son disponibles al publico por el fin de hacer colecciones y reconectar servicio.

PASOS NECESARIOS PARA TENER EL SERVICIO RECONECTADO DESPUES DE TERMINACION INVOLUNTARIA

Servicio no sera restaurado a menos que o hasta que toda cantidad debida en el dia debido sean pagadas en total inclusivo la restauracion de cuentas de servicio o un plan de pago deferido. Podemos demandar al cliente que presente dinero, giro postal, or cheque de cajero en pago de la cuenta y precio de reconeccion y no aceptar cheque personal o dinero no garantizado cuando la historia de la cuenta del cliente autoriza tal accion.

IDENTIFICACION AUTOMATICA DE NUMERO

Cuando usted marca los numeros 800, 855, 877, 888 o 900 de su telefono, su number de telefono puede ser adquirido por la compania a la que usted hablo y al mismo tiempo su numbero sera disponible al representante de esa compania antes de que su llamada sea contestada. Si usted quiere evitar que su numero adquirido por esa compania, siga las instrucciones en la pagina 48 bajo “Calling Number Blocking”. De esa manera, usted puede evitar que ellos obtengan su numero de telfono.

SOLICITANTES TELEFONICOS

Un solicitante telefonico es una persona que le llama para pedirle que compre algo o que haga una donacion. Las leyes estatales y federales estipulan que los solicitantes telefonicos que llaman a las casas habitacion deben: identificarse ellos mismos y al negocio que representan por nombre, identificar el proposito de la llamada y proporcionar el numero telefonico a donde se puede localizar al solicitante o al negocio o compania. Ademas, un solicitante telefonico no puede llamar a una casa habitacion antes de las 8:00 am o despues de las 9:00 pm.

Los aparatos de marcacion automatica para anuncios y publicidad deben desconectares de su linea: en 30 segundos despues de la terminacion de la llamada.

Tenga en cuenta que estos requerimientos no se aplican a las solicitaciones telefonicas que usted pidio, las solicitaciones referentes a una deuda o contrato existente, o a las llamadas de un solicitante telefonico con el cual usted ha llevado una relacion previa comercial.

Si usted usa una tarjeta de credito para comprar productos o servicios de nun solicitante telefonico, el vendedor debe (a menos que el vendedor sea una obra de beneficencia, una organizacion exenta de impuestos federales sobre ingresos bajo el Codigo de Ganancias Internas 501 [c] [3]:

- Ofrecer la devolucion total de su dinero cuando usted devuelva la mercancia sin dano alguno y sin haber sido usada dentro de un periodo de siete dias despues de que usted haya recibido la mercancia o los servicios (el vendedor debe procesar la devolucion dentro de un periodo de 30 dias despues deque usted haya devuelto la mercancia o cancelar cualquier orden que usted no hay recibido) o
- Proporcionarle por escrito un contrato que describa en su totalidad la mercancia o servicios que ofrece, el precio total que se cobro, el nombre del vendedor, direccion y numero telefonico ademas de cualquier otra condicion o termino que afecte la venta.

Las leyes que rigen la solicitacion de ventas pro telefono (las cuales las puede encontrar en el capitulo 37 del codigo de comercio y de negocios de Texas) las pone en codigo de comercio y de negocios de Texas) las pone en vogor el Fiscal o Procurador General de Texas. SLAMMING/CRAMMING

La Comision de Texas de Servicios Publicos has estipulado que todas las companias de servicios publicos en telecomunicaciones presenten este aviso o los clientes sobre sus derechos al seleccionar a su proveedor de servicio en telecomunicaciones. Los proveedores de servicio de telecomunicaciones (las companias telefonicas) tienen prohibido cambiarle a usted de proveedor de servicios telefonicos sin obtener su autorizacion, esta practica se le llama comunmente en ingles “slamming.”

Si se le ha cambiado de proveedor sin su autorizacion, la ley de Texas especifica que el proveedor de servicio telefonico local y de larga distancia (la compania telefonica) que lo cambio realice lo siguiente:

- Pague todos los cargos usuales y normales asociados para restablecer su servicio en su Compania telefonica original dentro de un periodo de cinco dias habiles a partir de su requisicion.
- Pague todos los cargos usuales y normales asociados para reestablecer su servicio en su Compania telefonica original dentro de un periodo de diez dias habiles a partir de su requisicion.
- Pague a la compania telefonica original las cantidades que usted he hubiera pagado a su compania telefonica original si no se le hubiera cambiado de compania.
- Reembolsarle a usted, dentro de un periodo de 30 dais, cualquier cantidad que usted haya pagado durante los primeros 30 dias a partir del cambio y cualquier cantidad adicional a lo que usted hubiera pagado por servicios identicos en su compania telefonica original despues de los primeros 30 dias posteriores al cambio.

Informacion General

Por favor tenga en cuenta que una vez que su compania telefonica original haya recibido su pago por parte de la compania que causo el cambio, su compania telefonica original debera proporcionarle y restablecer todos los beneficios (por ejemplo, bonificaciones de millas de vuelo de las aerolineas) que usted normalmente hubiera recibido por el uso de su servicio telefonico dukrante el periodo en que se le transfirio.

Para evitar ser transferido o cambiado a otra compania, usted puede pedir a su compania telefonica que se "congele" su cuenta con la compania de su eleccion. Con este procedimiento usted debera dar permiso formalmente para que su servicio telefonico pueda cambiarse. La "congelacion" se aplica al servicio telefonico local o de larga distancia, o para ambos. La Comision de Texas de Servicios Publicos puede suministrarle mayor informacion referente al procedimiento de "congelacion" y a sus derechos como cliente. El termino "cramming" se refiere a los cargos puestos en su cuenta por productos y servicios que usted no ha autorizado, este procedimiento esta prohibido y es en contra la ley. Es posible que su compania telefonica este proporcionando servicios de facturacion a otras companias, por eso otros cargos pudieran aparecer en su recibo telefonico.

Si usted cree haber recibido cargos sin su autorizacion ("cramming"), debera comunicarse con la compania telfonica que factura y le manda su recibo por el servicio telefonico y pedirles que corrijan su cuenta. La Comision de Texas de Servicios Publicos estipula que la compania telefonica que realiza la facturacion haga la correccion de su cuenta dentro de un periodo de 45 dias a partir del dia en que fue notificada del cargo no autorizado:

- Notifique al proveedor de servicio telefonico que cese de cargar las cantidades a su cuenta por productos y servicios no autorizados.
- Retire cualquier cargo no autorizado de su recibo telefonico
- Regrese o abone toda cantidad de dinero que haya usted pagado por los cargos no autorizados.
- Debido a su peticion, proporcionarle a usted toda documentacion de facturacion relacionada con cualquier cargo no autorizado dentro de un lapso de tiemp de 15 dias depues de que el cargo se haya eliminado del recibo telefonico.

La Comision de Texas de servicios Publicos investiga las quejas relacionadas con los procedimientos ilicitos de "slamming" y "cramming." Si a usted se le ha cambiado de compania sin su autorizacion ("slamming"), usted puede llamar a su compania telefonica local para cambiar su servicio inmediatamente a su proveedor original. Si se le han cobrado servicios o productos no autorizados ("cramming"), comuniquese con su proveedor de servicio. Si la Compania que lo cambio o cobro sin autorizacion no corrige o resuelve su peticion o si usted desea poner una queja, favor de escribir o llamar a la Comision de Texas de Servicios Publicos, P. O. Box 13326, Austin, TX 78711-3326, 1-512-936-7003, direccion de Internet: customer@puc.state.tx.us. Para las personas con impedimentos del habla o del oido con telefonos de texto (TTYs) pueden comunicarse con la Comision al 1-512-936-7120.

Sus servicio telefonico no podra suspenderse o deconectarse cuando usted se niega a pagar los cargos no autorizados. Usted puede contrar con mas derechos bajo las leyes estatales y federales. Favor de comunicarse con la Comision Federal de Comunicaciones, con el Procurador General De Texas o con la Comision de Texas de Servicios Publicos si desea mayor informacion sobre mas derechos con los que usted pudiera contar. 1-512-936-7120

ASSISTENCIA TELEFONICA PARAL LAS PERSONAS CON IMPEDIMENTOS DE HABLA U OIDO

El Acta para los Ciudadanos Americanos con Incapacidades 1990, estipula que todos los estados proporcionen acceso a los servicios de "transmision" (relay) de telecomunicaciones en toda la nacion (TRS). Por medio de TRS, las personas que llaman utilizando los telefonos de texto (TTY Y TDD) pueden comunicarse con personas que utilizan telfonos estandares de voz. Los asistentes de comunicaciones del TRS pasan las conversaciones telefonicas palabra por palabra y simultaneamente entre usuarios del TTY y usuarios que no utilizan el TTY. Relay Texas funciona las 24 horas del dia, los 7 dias a la semana. A los empleados del servicio "transmision" no se les permite revelar ningun tipo de informacion recibida durante la "transmision" de una llamada. Las llamadas efectuadas a traves del servicio de "transmision" son confidenciales. Los operadores transfieren las conversaciones completas, sin omitir nada.

El numero de Relay TEXAS es 7 1 1 o gratis al **1-800-735-2989** para los usuarios del TTY. Si no tiene TTY, pero desea llamar a alguien que si lo tenga, llama al 7 1 1 o al **1-800-735-2988**. Si utiliza el servicio de "transmision" para una llamada de larga distancia, diga al/a la operador(a) que compania de larga distancia quiere que maneje su llamada. Algunas companias de larga distancia tienen sus propios numeros de acceso para los servicios de "transmision".

In the event customer-provided terminal equipment causes harm, the Telephone Company will, when practicable, notify the customer and the customer shall make such change as shall be necessary to remove or prevent such harm. The customer shall be responsible for the payment of any charges for visits to the customer's premise where a service difficulty or trouble report results from customer-provided equipment.

DIRECTORIES - Local and Out-of-Town

All customers are furnished with a minimum of one directory for each customer access line. Additional directories may be obtained by contacting the Business Office. Directories of other cities may be ordered by calling AT&T Directory Resource Center 1-877-243-8339.

Information About Your Telephone Service

DIRECTORY ASSISTANCE

The following information will apply to most long-distance companies.

TELEPHONE NUMBERS - If you do not know the telephone number, you may dial Directory Assistance in the distant city, as follows:

1+ Area Code + 555 + 1212

or 1- 411 in your area

When the Directory Assistance Operator answers, give the city or town, then the name and address (if applicable) you wish to call. Write down the number for future reference. A charge for this service may apply depending on such factors as locations called to request directory assistance, number of calls made during the billing period, and other factors as set forth in the tariffs. Call the business office if further information is needed.

ERRORS IN THE DIRECTORY

Great care has been exercised in the preparation of this directory but the Telephone Company assumes no liability for damages arising from errors or omissions in the directory. In order that the directory record may contain correct listings, notification of change or errors should be given at once to the Business Office.

GUARDING AGAINST FRAUD

For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent calls. State and Federal laws provide that no person shall defraud or attempt to defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment, fine or both.

OWNERSHIP OF TELEPHONE NUMBERS

The ownership of all telephone numbers is vested in the Telephone Company and the Telephone Company reserves the right to change the telephone number or numbers of the customer's telephone station or stations, or the central office name associated with such number or numbers, or both, as the operation of the business may require.

RECORDING OF TELEPHONE CONVERSATIONS

If your telephone conversation is being recorded, one of the following conditions must exist:

- All parties being recorded must hear a beep or distinctive recorder tone approximately every fifteen seconds.
- All parties to the telephone conversation must give their prior consent to the recording of the conversation. The prior consent must be obtained in writing or be part of, and obtained at the start of the recording.
- In lieu of the above condition, the recording party can give verbal notification in a clear, unambiguous manner, which is recorded at the beginning and as a part of the call. Under certain restrictions, exemptions to these provisions exist for commercial licensees, emergency reporting systems, and law enforcement authorities.

REPAIR SERVICE

SOUTHWEST TEXAS COMMUNICATIONS repairs and maintains the telephone lines and equipment outside your home and/or business. Your inside wiring is your own responsibility unless you have the Inside Wire Protection Plan (see page 58). The following "Troubleshooting Tips" are provided in order to help you avoid costly service calls.

TROUBLESHOOTING TIPS

- Unplug all of your telephones and any other devices. Plug one telephone into a jack and check for dial tone. (Do not use a cordless phone for testing). If the phone works, try it at each of your jacks. If the phone does not work, try another phone.

- If you have a cordless phone, answering machine, fax machine, small dish TV receiver, or any other device which plugs into both the telephone line and the electric line, you should disconnect these devices during thunderstorms. If your phone line is out, disconnect all of these electrically powered devices and test the line with an ordinary phone.

- If you have a cordless phone with a low battery, it may short out your entire phone line. If this is the problem, disconnect the cordless phone until you are able to replace the battery.

- If you are having a problem dialing long distance, note the exact time of the attempted call and the number you are trying to reach. Southwest Texas Communications can verify that your calls are reaching your long distance carrier, but you may have to contact your carrier directly to determine why you cannot complete the call.

TELEPHONE SAFETY

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

Use of the telephone near water- The telephone should not be used while you are in a bathtub, shower, or pool. Immersion of the telephone or handset in water could cause an electrical shock.

Use of the telephone during an electrical storm- You should avoid using a telephone during an electrical storm in your immediate area; calls of an urgent nature should be brief. Although Southwest Texas Communications uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning when using the telephone during a nearby electrical storm.

Use of the telephone to report a gas leak- If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial. While unlikely, it may be possible for this spark to trigger an explosion if the gas concentration is high enough.

IWPP / Lifeline

Protect your home with the Inside Wiring Protection Plan (IWPP)

Inside wiring and jacks can be expensive to repair. One service call will cost, at the minimum $35.00. For greater peace of mind, check out Southwest Texas Communications IWPP. For just $2.25 per month,* the plan offers year-round protection against damage to inside wiring and jacks caused by weather-related or other issues. If a problem occurs, our technicians will visit your home and repair or replace covered items at no additional cost to you.

The IWPP covers wiring and jacks in one structure. The telephone company will determine if the trouble is with the "customer provided" equipment such as answering machines, fax machines, telephone, and modems.

The Plan does not include repairing or replacing "customer provided" equipment.

For customers with more than one building, additional plans can be purchased to protect against costly repairs.

Safeguard your budget with the Inside Wiring Protection Plan from Southwest Texas Communications.
To sign up, call us at 830-683-2111 or contactus@swtexas.com.

Inspection of wiring may be necessary to qualify for this plan.

Calling Features And Optional Services

Southwest Texas Communications offers many new advanced custom calling services that will allow you to use your telephone more effectively. These are truly "state-of-the-art" services which are not yet available in many areas of the country. While we have fully implemented these services in all exchanges at Southwest Texas Communications, there are many telephone companies and long distance companies which do not yet have the ability to offer these services.

Please understand that some of these services will only work properly if the telephone company on the other end of the call, and any long distance company involved, also have the same capabilities. As more local telephone companies and long distance companies implement these services, they will become more and more useful to everyone.

Thank you for your interest in our new services. To request any of these services, simply call our business office at 683-2111. Our customer service representatives are ready to assist you.

Calling Features

CALLER ID

No Charge - Included With Local Service

Calling Number Delivery allows you to determine the calling party's telephone number before you answer the call.

A special display device is required for this feature. This device can be attached to your existing telephone or you can purchase a telephone that is capable of displaying the calling number. The Caller ID device can store the telephone numbers of people who called, even while you were away from your phone. You can easily review these numbers and return their calls.

To Use Caller ID:

- When you are called, wait for the second full ring.
- The telephone number of the calling party will appear on your display.

For more information, please refer to the instructions for your Caller ID display device.

For customers with unlisted telephone numbers or for customers not wishing their telephone number shown on a Caller ID Device, please read the Calling Number Block Section. If you receive a call from someone who has "blocked" his or her telephone number, your Caller ID device will display a message such as "private", "anonymous", or "out of area".

Calling Features

CALLING NUMBER BLOCKING

No Charge - Included With Local Service

Calling Number Blocking prevents your telephone number from displaying on a Caller ID device. You can have your telephone number blocked on every call you make or you can have your number blocked on a per call basis.

To "block" your telephone number automatically on every call you make you will need to contact Southwest Texas Communications for more information. This is what is referred to as "per-line" blocking. You will be able to send your telephone number on "special" calls if you wish.

To Send Your Telephone Number With Per-line Blocking:

Press * 8 2 before entering the telephone number you are calling.
This will only send your telephone number on the call you make immediately after entering * 8 2. After your call is complete, your telephone number will automatically be back to Calling Number Blocking.

To Block Your Telephone Number on a Per Call Basis:

Press * 6 7 before entering the telephone number you are calling.

Your telephone number will be blocked only on calls where you have entered * 6 7.

Having per-line blocking will not prevent your billing telephone number from being sent to 911, 700, 800, 900 or 950 service providers.

CONFERENCE CALLING SERVICE BY SOUTHWEST TEXAS COMMUNICATIONS

$1.99 per scheduled call with up to 4 users
$2.99 per scheduled call with up to 8 users

Order any **3** of the Advanced Features —— total package charge **$4.00** per month

Order any **4** of the Advanced Features —— total package charge **$5.00** per month

If a feature is installed at the time of the initial service installation, no additional service charges apply.

If a feature is added or changed after the initial service installation, a **$5.00** service order charge will be applied.

In addition to the features listed in the following pages, we are equipped to handle specialized combinations of these features. If you have a specific need, please call our customer service representatives.

ANONYMOUS CALL REJECTION (ACR)

$1.00 per month

Allows customers to automatically reject all calls that have been marked anonymous by the calling party. When ACR is active, the called party receives no alerting (ringing) for a call that has been rejected. The call is routed to a denial announcement and subsequently terminated. A customer has the option of fixed ACR or variable:

To Activate Variable ACR:

Press * 7 7

To Deactivate Variable ACR:

Press * 8 7

The customer must activate after service is turned on.

CALL FORWARD-BUSY

No Charge - Included With Local Service

Busy Line, Fixed allows incoming calls that encounter a busy condition to be automatically forwarded to another telephone number. *This service is not activated or deactivated by the subscriber, but is in effect any time an incoming call encounters a busy line.*
Busy Line, Variable allows incoming calls that encounter a busy condition to be automatically forwarded to another telephone number. The forward-to number may be changed by the subscriber when necessary.

To Activate: * 9 0 and the forward-to number.

To Deactivate: * 9 1 and wait for confirmation tone.

CALL FORWARD-FIXED

No Charge - Included With Local Service

With this option, the forward-to number has been selected by you and permanently programmed by the telephone company.
To Use:

Press * 6 8 to activate.

Press * 8 8 to cancel.

CALL FORWARD-NO ANSWER

No Charge - Included With Local Service

Call Forward-Don't Answer, Fixed allows incoming calls which are not answered after a customer designated interval (2 to 10 rings) to be automatically forwarded to another telephone number. The forward-to number is designated by the subscriber when the service is ordered. *This service is not activated and deactivated by the subscriber but is in effect any time an incoming call is not answered after the customer designated time interval.*
Call Forward-Don't Answer Variable allows incoming calls which are not answered after a customer designated interval (2 to 10 rings) to be automatically forwarded to another telephone number. The forward-to number may be changed by the subscriber when necessary. Upon subscriber activation of this service, it is in effect any time an incoming call is not answered after the customer designated time interval.

To Activate: Press * 9 2 and listen for confirmation tone. Enter number of rings to allow and the call forward to number. Activation is complete when call is answered. If no answer, repeat procedure within 2 minutes and listen for confirmation tone.

To Deactivate: Press * 9 3 and wait for confirmation tone.

Calling Features

CALL FORWARD-PREFERRED**

$2.00 per month

Preferred Call Forwarding allows you to create a list of up to six calling numbers that you want to have forwarded to another telephone number. When you activate this feature, and a call arrives from a telephone number that is on your list, the call is forwarded. All other calls will ring your phone in the normal fashion. Preferred Call Forwarding allows you to avoid having to wait for important calls. Many people use Preferred Call Forwarding to transfer important calls to a cellular phone when they are on the road.

To Use Call Forwarding-Preferred:

- Press [*] [6] [3]
- Listen to the voice instructions which will guide you through how to:
  - Turn Preferred Call Forwarding on or off.
  - Make changes to your Preferred Call Forwarding list.

Press	If you want to:
[0]	Repeat the instructions.
[1]	Review the numbers on your Preferred Call Forwarding list.
[3]	Turn Preferred Call Forwarding on/off.
[#]	Add a number to your Preferred Call Forwarding list.
[*]	Delete a number from your Preferred Call Forwarding list.
[8]	Delete all numbers from your Preferred Calling List.

- Voice instructions will also guide you through the steps of how to enter, confirm, or change the number to which your calls will be forwarded

CALL FORWARD-REMOTE ACTIVATION OF

$1.50 per month

Remote Activation of Call Forwarding allows the call forwarding feature to be activated or deactivated from any location other than their own base station (telephone).

To Change or Deactivate Call Forwarding:
Press the three digit prefix for your exchange plus 1988. After the confirmation tone:

- Enter the seven-digit telephone number you wish to update plus PIN number. The PIN number will be the last 4 digits of the telephone number unless otherwise instructed.
- You may now activate or deactivate your Call Forwarding by following steps for Call Forward feature.

CALL FORWARD-VARIABLE

No Charge - Included With Local Service

Variable Call Forwarding to any number immediately. With Variable Call Forwarding, you select the forward-to number when you activate call forwarding.

To Use:

- Press * 7 2 and listen for confirmation tone.
- Dial the forward-to number. Activation is complete when the call is answered.
- If no answer, repeat procedure within 2 minutes and listen for confirmation tone.

The called number is stored and call forwarding is activated.
To Cancel:

- Press * 7 3 Normal service is now restored.

CALL RETURN**

$2.00 per month

Call Return makes it possible for you to return a call to the last person who called you or attempted to call you. Call Return eliminates the aggravation of rushing to the telephone only to find that the person on the other end has hung up.

To Use Call Return:

- Press * 6 9
- Listen for a recorded announcement that will tell you the telephone number of the party who last called you.
- If you want to return the call:

  Press 1
  Listen for ringing.
  Wait for an answer.

- If you do not wish to return the call, just hang up.
- If the line is busy:

  Listen for an announcement telling you the line is busy.
  Hang up.
  You will hear a short-short-long ring when the line is free.
  Your call will automatically be made when you lift the handset.

There is no time limit for returning a missed call. You will only be able to return the LAST incoming call you received.

If you have Call Waiting and hear the tone, you can use Call Return to return a call to the Call Waiting number.

Calling Features

CALL SCREENING**

$2.00 per month (up to six)

Call Screening allows you to create a list of up to six telephone numbers from which you do not want to receive calls. Calls from telephone numbers on your list will get the following announcement: "We're sorry, the Party you have dialed is not accepting calls at this time."

To Use Call Screening

Press [*] [6] [0]

Listen to the voice instructions which will guide you through the steps of how to:
Turn Call Screening on or off.
Make changes to your Call Screening list.

Press	If you want to:
[0]	Repeat the instructions.
[1]	Review the numbers on your Call Screening list.
[3]	Turn Call Screening on/off.
[#]	Add a number to your Call Screening list.
[*]	Delete a number from your Call Screening list.
[0] [8]	Delete all numbers from your Call Screening list.

After receiving an annoying call, you may wish to prevent that person from calling you in the future. Call Screening's voice instructions will explain how to add the number of the last caller to your list (even if you do not know the party's number): Up to six numbers can be stored.

- Hang up, then lift the receiver and listen for dial tone.
- Press [*] [6] [0] and listen for instructions.
- Press [#] [0] [1] [#]

Calling Features

CALL TRACE

$8.00 each completed trace

Tired of prank or harassing telephone calls? Call Trace allows you to request a trace on an obscene, threatening or harassing call. After receiving such a call, just dial the special code to have the calling party's telephone number printed at Southwest Texas Communications.

To Use Call Trace:

- Hang up after receiving the annoying call.
- Lift the receiver and listen for dial tone.
- Press * 5 7 then listen for a tone or a recorded announcement.

If a greeting asks to enter "1" a trace can be accomplished. After activating Call Trace, you should call Southwest Texas Communications for further instructions.

It is important to activate Call Tracing immediately after receiving a prank call. If you delay and receive a subsequent incoming call, Call Trace will trace only the last call.

If a Call Waiting tone is received during a call that is to be traced, tracing will occur on the Call Waiting call rather than the original calling number.

CALL WAITING

No Charge - Included With Local Service

Call Waiting alerts you that another party is trying to contact you while you are engaged in a telephone conversation. You can answer the incoming call and talk privately without losing the original party. You can also alternate between parties. Don't miss that important phone call.

To Use Call Waiting:

When you are notified of the incoming call by a Call Waiting alert tone, press the "flash" button or depress and release the hookswitch to put the original party on hold. You are then connected to the calling party.

To alternate between parties, press "flash" button or depress and release the hookswitch once for each transfer.

If you wish to end the original conversation when you hear the Call Waiting alert tone, simply hang up. Your telephone then rings and you are connected to the calling party.

Calling Features

To Cancel Call Waiting:

This procedure is used to disable the Call Waiting feature for the duration of a call that is initiated by the subscriber.

To Use:

Press * 7 0 and wait for a new dial tone
Dial the desired telephone number

At the end of the call Call Waiting is automatically restored.

CALL WAITING CALLER ID

No Charge - Included With Local Service

The telephone number of the calling party will be displayed on your Caller ID in addition to hearing the normal Call Waiting tone.

DISTINCTIVE RING

$2.00 per month, discounted to $1.00 per month if combined with any other feature

Distinctive Ring allows you to have a second telephone number without adding a second line. The original telephone number and the Distinctive Ring number are published as separate numbers, but both ring on your existing telephone line. The Distinctive Ring number will ring with a unique pattern so that you know someone is calling the second number. This unique ring is also recognized by most facsimile machines. You can publish a separate number for your fax machine and leave it connected to your main telephone line without interfering with normal voice calls. Only one call can be made or received at a time, even if you have more than one telephone on the line.

INSIDE WIRING PROTECTION PLAN

$2.25 per month

Protect your home with the Inside Wiring Protection Plan. Inside wiring and jacks can be expensive to repair. One service call will cost, at the minimum, $35.00.

For $2.25 per month, the telephone company will locate and repair trouble inside your house or building.

The Inside Wiring Protection Plan covers wiring and jacks in one structure. The telephone company will determine if the trouble is with the "customer provided" equipment such as answering machines, fax machines, and telephones. The Plan does not include repairing "customer provided" equipment.

For customers with more than one building, additional plans can be purchased to protect against costly repairs.

Calling Features

PRIORITY RINGING**

$2.00 per month

Priority Ringing allows you to program your telephone line to ring with a special ringing pattern whenever you are called from a select list of phone numbers. Your telephone will ring normally for all other calls. If you have Call Waiting, you will hear a distinctive Call Waiting tone whenever someone on your list calls you while you are on the phone. Priority Ringing allows you to identify special or important calls and helps you determine who is calling.

To Use Priority Ringing:

- Press * 6 1

Listen to the voice instructions which will guide you through how to:

- Turn Priority Ringing on or off.
- Make changes to your Priority Ringing list.

Press	If you want to:
0	Repeat the instructions.
1	Review the numbers on your Priority Ringing list.
3	Turn Priority Ringing on/off.
#	Add a number to your Priority Ringing list.
*	Delete a number from your Priority Ringing list.
0 8	Delete all numbers from your Priority Ringing list.

When Priority Ringing is turned on:

Listen to the ringing pattern or Call Waiting tones:

When called from a number on your list:	A short-long-short ring.
When called from all other numbers:	Normal ring.

Calling Features

REPEAT DIALING**

$2.00 per month

Repeat Dialing allows you to dial an activation code after you have dialed a number that is busy. Repeat dialing will continue for 30 minutes to attempt to reach the number you called. When the line is free, you will hear a short-short-long ring indicating the line is free. When you then lift the receiver, the other phone will start ringing. You can also use Repeat Dialing to redial the last number you called.

To Use Repeat Dialing:

After you get a busy signal, hang up. Lift the receiver and listen for dial tone.

- Press * 6 6

If the line is busy:

- Listen for 3 beeps or an announcement telling you the number is busy.
- Hang up.
- When you hear a short-short-long ring, the called line is free. Lift your handset and your call will automatically be made.

If the line is not busy:

- Listen for ringing.
- Wait for an answer.

If the number you are trying to reach is outside the area served by Repeat Dialing, you will hear a recording informing you that the call cannot be made.

While Repeat Dialing is activated, you may still make and receive other calls.

You can use Repeat Dialing for more than one busy number at a time. When you hear the special ring, you will not know which line is free.

Calling Features

SPECIAL CALL ACCEPTANCE**

$2.00 per month

Special Call Acceptance allows you to create a list of 6 telephone numbers from which you will receive calls. Any calls placed from a telephone number not on your list will hear the following recorded announcement, "We're sorry the Party you have dialed is not accepting calls at this time".

Special Call Acceptance provides you with additional privacy and security by allowing only the most important calls to reach you. This feature also prevents unwanted interruptions.

To Use Special Call Acceptance:

Press [*] [6] [4]

Listen to the voice instructions which will guide you through how to:

- Turn Special Call Acceptance on or off.
- Make changes to your Special Call Acceptance list.

Press	If you want to:
[0]	Repeat the instructions.
[1]	Review the numbers on your Special Call Acceptance list.
[3]	Turn Special Call Acceptance on/off.
[#]	Add a number to your Special Call Acceptance list.
[*]	Delete a number from your Special Call Acceptance list.
[0] [8]	Delete all numbers from your Special Call Acceptance list.

SPEED DIALING

Speed Dialing lets you store 8 or 30 frequently called numbers and place such calls by dialing one or two digit codes. This includes long distance numbers that are accessible by direct distance dialing. Speed calling is available in the following of two forms:

8 NUMBER OPTION - With this option, your speed dialing codes are the single digits **2** through **9**. **$1.50** per month
30 NUMBER OPTION - With this option, your speed dialing codes are double digits **20** through **49**. **$2.50** per month

The first enables you to initiate and change the codes from your telephone.

To Use:
To add a number to your speed dialing list,

- Press * 7 5

- From the available code numbers, dial the code number you wish to substitute for the directory number.

- Dial the directory number to be stored that corresponds to the code number selected in step 2 and wait 4 seconds for 2 bursts of dial (confirmation) tone; then hang up.

Repeat the steps above for each number to be stored, using a different code number each time. If you wish to replace a previously stored number with a new one, repeat the same steps.

The second prevents you from initiating and changing preestablished codes from your telephone, and is initiated at the telephone company from a list of numbers provided by the customer.

To use a speed calling code that has been programmed by your telephone company, dial the selected code number and wait 4 seconds for the call to be placed.

Calling Features

TELEMARKETING-DO NOT DISTURB

No Charge - Included with Local Service

Now you can choose not to accept calls from telemarketers. The message heard by the calling party is "You have called a number which does not accept calls from telemarketers. If you are not a telemarketer and wish to complete this call, please press 1."

THREE-WAY CALLING

No Charge - Included With Local Service

Three-Way Calling allows you to add a third party to an existing telephone conversation. This feature reduces the need for call-backs when trying to confirm plans and schedules. It also brings families and friends together.

To Use:

- Depress hookswitch or flash button, then listen for three beeps and a steady dial tone. (Present call is placed on hold.)

- Dial third party's telephone number. If busy or no answer, depress hookswitch (flash button) twice to reconnect first call.

- After third party answers, depress hookswitch (flash button) for a three-way call.

You may privately converse with third party as long as you wish before using hookswitch (flash button) to establish three-way call.

After a three-way call is established you may depress hookswitch to drop third party at any time.

Calling Features

TEEN SERVICE

$2.00 per month

Teen Service allows you to have a second telephone number without adding a second line. Both your original telephone number and the Teen Service number will ring on your existing telephones. The Teen Service number will ring with a unique pattern. Teen Service allows children to have their own telephone number without the expense of a second line. The Teen Service number will also be a listed number.

It is important to remember that only one call can be made or received at a time even if you have more than one telephone instrument.

TOLL RESTRICTION

$1.50 per month

Toll Restriction prevents long distance calls from being placed from your telephone.

1+ toll restriction denies calls from being dialed **1+**, but will allow **0+** calls. **0+** include collect and calling card calls.

1+ and **0+** restrictions denies all but **1-800** numbers from being dialed.

TOLL CONTROL WITH PIN

$1.50 per month

This feature allows you to control long distance calls being placed from your telephone. Long distance calls will be made only with the use of your personal passcode.

To Use:

- Dial number desired (1-830-XXX-XXXX).
- The message "this call is not permitted" will be heard.
- Enter passcode.

To Change and Store Passcode:

- Press [*] [1] [2].
- Wait four seconds.
- Press [7] [7] [7] [7]
- Wait for a dial tone.
- Enter your passcode number. We recommend three to seven digits.
- Wait for dial tone.
- Re-enter passcode number for verification.

Protect your home with the Inside Wiring Protection Plan (IWPP)

Inside wiring and jacks can be expensive to repair. One service call will cost, at the minimum $35.00. For greater peace of mind, check out Southwest Texas Communications IWPP. For just $2.25 per month,* the plan offers year-round protection against damage to inside wiring and jacks caused by weather-related or other issues. If a problem occurs, our technicians will visit your home and repair or replace covered items at no additional cost to you.

The IWPP covers wiring and jacks in one structure. The telephone company will determine if the trouble is with the "customer provided" equipment such as answering machines, fax machines, telephone, and modems.

The Plan does not include repairing or replacing "customer provided" equipment.

For customers with more than one building, additional plans can be purchased to protect against costly repairs.

Safeguard your budget with the Inside Wiring Protection Plan from Southwest Texas Communications.
To sign up, call us at 830-683-2111 or contactus@swtexas.com.

SOUTHWEST TEXAS COMMUNICATIONS

**Inspection of wiring may be necessary to qualify for this plan.*

EMERGENCIES 911

...how to prepare & react.

Lesser Emergencies That Can Be Handled At Home.

Dizziness/Fainting
Sit or lie down with head slightly raised. If dizziness is accompanied by headache, confusion, vision or hearing problems, *call your doctor.*

Objects or Liquids in Eyes
Flood eye(s) with water, from inside corner of eye to outside corner. Keep victim in a semi-darkened environment.

Loss of Breath
Check for choking. Try to determine if the victim is asthmatic, he or she may have medication on their person. If not, or you suspect allergic reaction, **call 911**.

Labor
Avoid unnecessary movement, have patient lie down until ready to go to the delivery room. *Call doctor,* so he or she can be prepared for arrival.

Abdominal Pain
Try to determine exact location of the pain. Severe pain in lower right quadrant may indicate appendicitis, *call your doctor.*

Bleeding
Victim should lie down and elevate the area. Remove any visible objects, and use a clean cloth to apply pressure to the wound. Avoid contact with blood products yourself. If bleeding continues for more than 10 minutes, **call 911**.

Insect Bites & Burns
If there is significant swelling, or site becomes red and warm, or if victim has difficulty breathing, **call 911**. Otherwise, apply ice, have victim rest, administer antihistamines.

Sprains
Have victim lie down, elevate the area, apply ice and elastic bandage. Aspirin or ibuprofen can ease pain. Rest the joint as much as possible for several days.

Here Are Ways To Be Prepared Before The Arrival Of Paramedics.

Confusion/Disorientation
Sudden onset may indicate a stroke or earlier head trauma. Even if episode passes within a few moments, *call your doctor.*

Choking
Learn the Heimlich maneuver. Do *not* try rescue unless the person *cannot* breathe, or is turning blue and cannot speak. **Call 911** if person loses consciousness.

Poison
Try to determine what the person has swallowed. *Call poison control.* Do not induce vomiting unless instructed by poison control. Give lots of milk or water. *Call Poison Information Center 558-5111.*

Chest Pains
Call 911 immediately if victim reports a squeezing or crushing feeling, or if occurs with sweating, radiating pain, nausea, or rapid pulse.

No Breathing
Check for consciousness. If there is no heartbeat, a *trained* person should administer CPR. **Call 911.**

Burns
For small burns, run cold tap water over the burn for 10 to 15 minutes—do not use ice. Third degree burns, dry white or black skin, requires immediate medical attention, **call 911.**

Broken Bones
For minor fractures—if victim is able to move the area—have victim lie down, elevate the area, apply ice and elastic bandage. For major fractures, **call 911**, do not move victim, apply ice.

Calling 911

- Stay calm, speak clearly.
- Describe the accident, and symptoms in as much detail as possible.
- Be sure to give your exact location, and a phone number from where you are calling.
- Do not hang the phone up until you are told to do so.

What To Tell The Paramedic.

- Describe the accident, and symptoms in as much detail as possible.
- List any known medical conditions the victim may have.

What To Tell The Emergency Room Doctor.

- Describe the accident, and symptoms in as much detail as possible.
- List any known medical conditions the victim may have.
- Advise of any medications the patient may be taking.
